DONOR LUNCHEON WITH GRAYSTONE INVESTMENTS

SCCF welcomed 25 donors and nonprofit partners to a September 16th luncheon at Pratt Public Library to meet Robert Morris and Jade McCoy of Graystone Consulting, SCCF's investment partners since 2019.

The Wichita-based Morgan Stanley firm has been an incredible partner, helping SCCF grow our invested assets from \$13 million to \$26 million over the past seven years.

The luncheon also marked an exciting milestone as SCCF reached \$32 million in total assets, just in time for the Foundation's 32nd anniversary on September 26th.

SCCF is grateful to the donors and communities who have made this growth possible and continue to help build a stronger future for South Central Kansas.
