YMAD Community Service Project Update

The Youth Making a Difference Council has spent the last six months planning, preparing, and hosting community service projects in their counties. In total, they donated 800 hygiene bags, 100 food boxes, 350 snack bags, 40 angel tree gifts and 21 summer fun boxes to local food banks, nonprofits, churches, and schools.

"The impact that the YMAD Council is having on their community is truly inspiring" Program Director, Hannah Brummer said.

The YMAD Council will meet this Fall to select their final countywide service project and begin the planning process.
