YMAD RECEIVES \$70,500 GRANT FOR COMMUNITY SERVICE PROJECTS

The Youth Making a Difference Council is proud to announce a \$70,500 Youth Engagement Grant from the Patterson Family Foundation. This two-year grant will empower the YMAD Council to host county-wide community service projects.

YMAD will use this funding to identify community needs, plan service projects, manage budgets, and distribute donated items to local nonprofits.

This grant is an incredible opportunity for our youth to step into leadership roles and see first-hand how philanthropy can impact their communities," said Hannah Brummer, SCCF Program Manager. "Our goal is to inspire a lifelong habit of giving and service, and this support from the Patterson Family Foundation makes that possible in a meaningful and lasting way."

A NOTE FROM THE PROGRAM MANAGER...

2025 was an incredible year for the Youth Making a Difference Council. From granting out \$35,000 in the annual competitive grant cycle to receiving a \$70,500 grant towards county-based community service projects, the YMAD Council has been able to help their communities immensely.

We are looking forward to all of the community service projects in 2026 and to see all of the impact that the YMAD Council can have on their communities.
